

HE WOUNDED HIS OTHER BROTHER

LOUIS SCHROEDER WAS SHOOTING AT DEAD SQUIRREL.

HE KICKED HIM BADLY

arent Thought This Sufficient Punishment for His 6-Year-Old Son.

In shooting at a dead squirrel, Louis Schroeder, aged 6, wounded his father, Chris Schroeder, and his 10-year-old brother, John, last Friday afternoon at his home near Astor, St. Louis County. The faces of the father and son were disfigured with shot, but neither suffered an injury to the eye. The young Nimrod who caused all the trouble was kicked so badly by the gun that he will not be free from aches for some time to come. The squirrel was one which the boy's father had killed some time before, but the boy did not notice that it was not alive, it looked almost as if it lay on the ground all, and the little fellow fired the

TOO MUCH SNAKE

POISONOUS TROPICAL REPTILE TWO FEET LONG DISCOVERED IN BELLEVILLE.

A poisonous tropical snake was found Monday afternoon in a bunch of bananas at the grocery store of Edward Dewein at 401 South. The snake was about two feet in length. The shape of its head indicated that it was poisonous. The bananas came from Central America.

MISS BLANCHE WILDERMAN SWALLOWED CARBOLIC ACID.

BELLEVILLE SOCIETY GIRL

WAS FORMERLY A STUDENT AT MARY INSTITUTE.

Sisters Returning From School In St. Louis—Found Her Dying—Hard Mental Work Ended in a Nervous Breakdown.

A mental breakdown caused by over-study prompted Miss Blanche Wilderman, a society young woman of Belleville and a student last year of Mary Institute, St. Louis, to end her life Monday afternoon by swallowing carbolic acid.

Miss Wilderman was the daughter of former Circuit Judge Alonzo B. Wilderman and was 26 years old. Her two sisters, Eunice and Augusta, were also students at Mary Institute last year. The girls stood very high in their classes. An older sister, Hester, had won a scholarship at Wellesley College, where she is now studying.

After she left school last year, ill from overwork, Miss Wilderman was sent to the state institution at Anna, Ill., where she was treated for her mental difficulties with some apparent success. Since returning to her home she had again been seized with the malady.

No symptoms of depression were noticed by members of the family Monday.

Miss Wilderman left the house in the afternoon without thinking it necessary to lock in her daughter's room, as she sometimes does. Whether the young woman was feeling well.

FOUND HER DYING.—Miss Blanche Wilderman, who is a student at Washington University, St. Louis, arrived at her home shortly before 7 o'clock. With her sister, Eunice, she went to the room occupied by Blanche.

The door was locked and the sisters, fearing that something had gone wrong, climbed out on the roof from a hall window, and from a balcony forced their way into their sister's room.

The young woman was lying on a pallet which she had formed by folding the covers and quilts from the bed in narrow stripes. The smell of acid was distinct.

An empty bottle and a tin cup told the story of the attempt at suicide, which a short time later was followed by the young woman's death. She did not regain consciousness.

The family lives at 605 Mascoutah avenue, Belleville. It is one of the best known in southern Illinois.

PANTS WERE HARD TO PART.

Novel Tug-of-War Given for "Model" Store Patrons.

A novel "tug-of-war" entertainment was given at the Coliseum last night by Sweet, Orr & Co. for the friends and patrons of the "Model" clothing and furnishings store.

In the "tug-of-war," which was the feature of the entertainment, the contestants used a pair of trousers made by Sweet, Orr & Co. instead of a rope. Two tugs were at each leg, but the trousers refused to give way. It was necessary to increase the tug.

In addition to the "tug-of-war" there was music by a band, singing by a double quartet and an exhibition of acrobatic views.

SALLIE BAMBEI AND GUS BENTON GET MARRIAGE LICENSE.

ST. CHARLES THEIR

GRETNA GREEN

St. Louis and Clayton Had "Turned Them Down," but They Persevered to Success.

At last Sallie Bambi and Gus Benton may get married. They tried by every hook and crook, even to telling fibs, to secure a license, but were unsuccessful until yesterday, when they went to St. Charles and made County Clerk Ed P. Fisher believe they were of age. He gave them the coveted document.

Both were arrested about a week ago after they had failed to secure a license at the City Hall, at the instance of the New Harmony (Ind.) police department, who stated that Miss Bambi's father would come to St. Louis after the license, but she declared that she had loved Benton all her life and intended marrying him in spite of everything.

Her father did not make his appearance, and the police released both. They then went to Clayton, where their fame had preceded them, and the clerk declined to accommodate them, although Miss Bambi declared she was 19 years old, instead of 17, as she is. Then they went to St. Charles, where she said her name was Sara, and that she was of age, and victory was theirs.

They did not get married in St. Charles. It is said, and nobody there knows where the ceremony was performed, if such a ceremony took place.

MISSOURIAN HAS DISAPPEARED

William Stuck of Richmond Has Vanished Completely and Public Search Is Made.

Special to the Post-Dispatch. RICHMOND, Mo., Nov. 18.—William A. Stuck, jeweler, wealthy bachelor and past grand master of the local lodge of Odd Fellows, has disappeared. All Richmond is convinced that he either has been murdered or has wandered away.

A mass meeting has been called by the mayor and hundreds of citizens organized into a posse to search for the missing man. Mr. Stuck left no more trace than if he had dropped off the earth.

Mr. Stuck was born in Baden, Germany, in 1840. In 1878 he came to Richmond, where he has lived ever since.

Many years ago Mr. Stuck formed a partnership with A. C. Dollinger in the jewelry business. Their store, the largest in the town, was until a year ago, in the postoffice building, and Mr. Stuck was known by sight at least, to every one in Richmond.

Nov. 10, the day of the Sousa concert in Richmond, Stuck disappeared as if he had gone up in a balloon. No trace of him was seen until the evening of Nov. 10. Mr. Stuck was seen standing at the foot of the stairs leading to his bedroom in the Woodson building. A stranger, described as "short and heavy set," was talking with him.

Since that hour nothing has been seen or heard of the jeweler.

LITTLE NEGRESSES HELD.

J. J. Lake, guardian for Viola Tenet, swore out a warrant Tuesday against Lucas, Hortense Rice and Pearl Johnson, charging them with the theft of a silver watch from the Tenet girl.

Several warrants were sworn out against the three negro girls Monday and to additional applications for warrants Tuesday. Assistant Prosecuting Attorney Johnson said he thought a sufficient number to hold them had been issued.

AMISH CHURCH'S CONVENTION

National Gathering Is Being Held at Morton, Ill., With 1000 Delegates in Attendance.

Special to the Post-Dispatch. PEKIN, Ill., Nov. 18.—The national convention of the Amish Church will be held in Morton beginning today and concluding Thursday evening.

It is expected that over 1000 delegates will be in attendance. The church in Morton is the largest of the Amish religion in the country, its congregation numbering 1000. Extensive preparations have been made for the entertainment of the visiting delegates, and it is the plan of the Morton congregation to feed all in the church, as each Amish church is provided with a large kitchen and dining room.

Prominent leaders and workers from all sections of the country are in attendance, and matters of importance to the church will come up for discussion.

Possible Reason.

Why does it cost so much less for a woman to support a family than it does for a man? "Because," replied the experienced mother, "the woman is charged for doing the business in so much less than a man asks for doing the same thing."

Eruptions

Dry, moist, scaly, tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure

Hood's Sarsaparilla permanently cured J. G. Haines, Frank, Ill., of eczema, from which he had suffered for some time, and Miss Alvina Weller, Box 211, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been teased and ridiculed. There are more testimonials in favor of Hood's than can be published.

Hood's Sarsaparilla promises to cure and keeps the promise.

DIED IN ELECTRIC CHAIR.

AUBURN, N. Y., Nov. 18.—John Truck was put to death in the electric chair in the state prison here today for the murder of William Miller at Vergennes, Vermont, May 12, 1902.

Truck was 35 years of age, married, and had five children. He was a native of Vermont and had lived in Auburn for some time.

The motive for the murder of Miller was robbery. Truck first crashed in the skull of his victim and then set fire to the house, thinking that the fire would kill the man.

KING APPLE IS WELCOMED HERE

Comes to St. Louis in Gold Red and Pink.

APPLE GROWERS' CONVENTION LUSCIOUS FRUIT EXHIBITED AT THE LINDELL HOTEL.

Mayor Wells Delivers Address of Greeting to Organization Which Is Holding Its First Annual Conference.

Apples of all kinds and for all purposes, varying in size from the small Genet to the lusciously large Ben Davis, golden, red and pink complexioned, representing the horticultural glory of five states, are being exhibited today on the second floor of the Lindell Hotel.

The occasion of the reverence paid to King Apple is the Apple Growers' Congress—the first convention of the kind ever held in the United States.

The organization is still in its infancy, but since the initial meeting at St. Louis six months ago has been growing rapidly and now has a membership of 100.

The promoters are prominent in the apple-growing districts of Missouri, Kansas, Iowa, Illinois, Ohio and Nebraska. The first formal exercises were begun at 10 o'clock Tuesday morning.

Mayor Holla Wells delivered the address of welcome, to which response was made by Henry Clay Cupp of Fall Creek, Ill. Then followed the reading of the previous minutes and the adoption of the constitution and by-laws.

Prof. C. W. Hopkins of Urbana, Ill., read a paper on "Soils," which attracted favorable attention.

It was announced unofficially that H. M. Dunlap of Savoy, Ill., would be elected president of the organization.

Mr. Dunlap is now chairman of the Illinois World's Fair State Commission, and is considered one of the leading apple growers of the Mississippi Valley.

He spoke interestingly at today's session on the "Planting and Cultivating During First Five Years."

MISSOURI'S PRODUCTS. Among others who discussed horticultural topics were:

George T. Tiffin, Springfield, Mo.; J. W. Stanton, Richview, Ill.; W. R. Wilkinson, St. Louis, Mo.; F. V. Perry, Ohio; E. T. Quinn, New Jersey.

The congress will remain in session two days. During the interval of convention hours the exhibit will occupy the attention of the delegates.

Ten large tables, ranged in rows, contain specimen products from Illinois, Kansas, Iowa, Missouri and Ohio.

Missouri presents such well-known specimens as the Ben Davis, Mammoth Red, Twig, York, Clayton, Rome Beauty, Wine Sap, Jonathan, Huntsman, Genet, Bell Flower and Missouri Pippin.

Iowa has brought from her orchards the Wolf River, Fallwater, Spitzburg, Rhode Island, Greening, Baily, Fulton and Hana.

Illinois shows similar varieties. The Arkansas Black apple, from Missouri's sister state is there in abundance.

Mr. Goodman, secretary of the State Horticultural Society, stated that the exhibit had been prepared hastily and was but a forerunner of what the apple growers intended to display at the World's Fair.

"As the apple buyers have an organization," said he, "to control prices, so we believe, as a matter of protection we should have one. It was originally intended to limit the organization to the Mississippi Valley, but we have decided to extend it to the entire country. There are probably 10,000 apple growers in the United States, and we expect two-thirds of them to join our association."

FIFTY VARIETIES SHOWN. "Considering the short time we have had to make preparations the exhibit we present today I think is creditable. Missouri has the largest display."

About 50 varieties of apple are shown. The average weight is one pound. Here we have the best cooking apples and the best eating apples that can be found anywhere in the world.

"Generally speaking, the eating apple is superior. That which we use for other purposes grows harder, has a different flavor and is what we call a 'sour apple.' From the so-called sour apple we make our cider, apple sauce and apple pies, apple brandy and so on."

"To the experienced apple grower there is a marked distinction between the various grades of apple that is often not apparent to the ordinary purchaser. The degree of excellence is gradual. The medium sized apple is as a rule the best. The large ones are hard to grow and require much cultivation. A small apple can usually be depended upon for sweetness and flavor, if the surface is all soft."

CARNEGIE ILL IN LONDON. Whole Family Affected by Something They Ate in Switzerland.

LONDON, Nov. 18.—Mr. and Mrs. Andrew Carnegie returned to London with the intention of sailing tomorrow for the United States, but they have been obliged to abandon the voyage for the present because Mr. Carnegie is indisposed.

The whole family are affected by something they ate. Mrs. Carnegie and her daughter have quite recovered. The physicians, however, think it would be imprudent for Mr. Carnegie to start yet, although he has practically recovered from his illness.

The Carnegies were at Caix, Switzerland, when they were served with food which was in some way contaminated. The ill-effects seemed to promise to pass off and had done so in the cases of Mrs. Carnegie and her daughter. Mr. Carnegie, however, felt worse yesterday evening and summoned a physician, who was able to assure him that the poisoning was not of a serious character and that he would be up again in a day or two.

OYSTERS ARE EMBALMED. Astonishing Discovery Makes Demand Weak in San Antonio.

SAN ANTONIO, Tex., Nov. 18.—Embalsmed oysters are the latest.

Dr. Campbell, city bacteriologist, says large shipments of bulk, packed in a preservative which renders them dangerous as food, have been received here.

As a result of this announcement the oyster demand is weak.

PAUL WOODWARD CONVICTED. Jury Declares Him Guilty of First Degree Murder.

CAMDEN, N. J., Nov. 18.—The jury in the case of Paul Woodward, charged with the murder of John Coffin and Price Jennings, youths, has returned a verdict of murder in the first degree.

About three weeks ago Jennings and Coffin, who were about 10 years of age and companions, were found dead in the woods near Collingwood.

Woodward was arrested on suspicion of having committed the crime.

During his trial it developed that he was last seen with them, and testimony was adduced, showing that he had purchased poison. It was shown that robbery was the motive for the crime.

MURDER, SAYS REMINGTON. Brother Did Not Kill Himself.

Special to the Post-Dispatch. NEW YORK, Nov. 18.—Edward Pym Remington says he will announce the name of the person who killed his brother, Albert R., the fiancée of Miss Mary Van Allen, daughter of J. J. Van Allen, only when the case against the murderer is complete.

Until Mr. Remington entered his emphatic denial, the circumstances surrounding his death at Newport seemed to point conclusively to suicide. He was found dead in a room at Newport.

Mr. Remington says that wounds on his brother's body and a letter found among his personal effects prove conclusively that he was murdered.

He says he cannot at present expose the facts he has gathered, but will give them in a reading room at Newport.

MICHELL LEADS BY MIND AND MANNER HEARERS TO MARVEL

Skilled Lawyers Agree That
He Is an Able Man.

PARRIES MACVEAGH'S THIRTS

SLOW IN SPEECH AND ALWAYS
COMPOSED.

Stands Most Loyal by His Union,
but Condemns Every Act of Violence
While Theoretically
Upholding the Boycott.

SCRANTON, Pa., Nov. 18.—Wayne MacVeagh's admission that John Mitchell is the best witness for himself that he ever saw on the stand in 40 years of law practice is assented to by every member of the anthracite coal strike commission.

MacVeagh, who is counsel for a number of coal barons, continued his cross-examination today. The well-known lawyer went at his task as if he liked it.

"It is a good brain exerciser," said Mr. MacVeagh. "He is a magnificent witness. If one accomplishes results in cross-examination such a man it is something to be proud of."

Over a score of the best lawyers who are at the command of the untold wealth of the railroad and mining companies in the anthracite district have given rapid attention to the cross-examination. For almost three full court days they have had a rare treat in the contest that is taking place between Mitchell and the employers' lawyers. They freely admit that Mitchell, as a witness, well nigh approaches the marvelous. They can't understand how Mitchell, who entered the mines at the age of 12, can take care of himself so thoroughly against the trained minds that are working at high pressure to trap him.

Mitchell's Manner

Mitchell appears to be unaware that he is the focal point of all eyes. At times he swings slowly to and fro in the pivoted witness chair, but never once does he take his eyes from the examining lawyer asking the questions. It is evident that he considers his examination a most serious matter. When the counsel in question has finished his mouth opens slightly. His face becomes tense. He seems to be calling to play all his faculties to grasp the question, sometimes he detects the hidden pitfall of the query. Convinced that the question is harmless, the answer comes quick in a voice pitched high enough to carry all over the courtroom. If in doubt, his black eyes, sometimes the lawyer's face to the ceiling, and sometimes the answer comes as from a man who has made up his mind. The examiners have ceased to try to stampede Mitchell. They tried that until they found that no matter how fast the words that formed their questions were poured from their mouths, the answer always came in the same clear, cautious way. The cross-examination has proved that Mitchell is not a wit. Occasionally he makes apt answers, but only once or twice has he appreciated a witticism. At these times a fleeting smile softens his sober face for an instant. At no time has he admitted that the men he represents are other than law-abiding citizens.

Stands Loyal

By the Union. At no time has he admitted that the miners' union has any of the objectionable features charged by the operators. Mitchell has stood by the union in his testimony regarding violence at the risk of later being confronted with court testimony to the effect that union men have confessed to many of the crimes which Mitchell has denied so emphatically in his testimony before the strike board.

Regarding the treatment of nonunionists Mr. MacVeagh insisted that they tried that not only ignored them but pursued them and boycotted them.

"Would not you call a nonunion man a scab if you met him on the street?" asked Mr. MacVeagh.

"No," replied Mitchell, proudly, "I would refuse to speak to him."

Mr. MacVeagh drew a vivid picture of the insults, annoyances and assaults which made the life of the nonunion man and those of his wife and children well-nigh unendurable.

Ability to

Curb Violence. Mr. MacVeagh in resuming his cross-examination said he would be glad to get an expression as to the influence of acts of violence upon the temper and disposition of the union men said to have committed them. The witness said that he would not assume that the acts of violence are true. "If," said he, "Forest City, which has been referred to, would be an example of all towns and cities in the anthracite field, it would indicate that we were a very law-abiding, religious people."

The question, "Mr. MacVeagh said, 'Is whether or not you have taken the proper methods to prevent a repetition of the law in your organization, and that your influence over them is insufficient to keep them law-abiding and peaceful, as you intend to have them.'"

Under this arrangement of the union, Mr. Mitchell retained his complete composure. The question met with a ready response. "The fear that my influence," said he, "is not sufficient to deter from the commission of crime is a contradiction of the claims often made about me."

He was free to say that some men have been deterred from going to work because of violence, but he stated that he had more in public opinion by reason of that than it could possibly gain.

The cross-examiner and the witness then plunged into a spirited colloquy over the question of whether or not a man has the right to prevent another man from selling his labor.

The best answer Mr. MacVeagh could draw from the miners' chief was that he did not approve of anyone committing an unlawful act.

Bringing in

Archbishop Ireland. Mr. MacVeagh read a statement regarding the right to strike as belonging to the personal freedom of the workmen. He also took the view that in exercising that freedom those who cause work must not interfere with the liberty of others who wish to work.

"We do not want anarchy," said Mr. Mitchell, "and that is anarchy pure and simple—the right of every man to do absolutely as he pleases regardless of its effect on others."

el declared that if Archbishop Ireland's statement meant that men have no right to strike, he disapproved of it. He added that he did not know that the archbishop was regarded as a supreme court on trade union matters.

The attorney and the witness wandered from the rules of cross-examination and indulged in an argument over the propriety of anyone criticizing acts and decisions of courts.

Mr. MacVeagh thought it was wrong to follow such a course and that it tends to breed anarchy. Mr. Mitchell said he was pleased to say the courts as a rule are fair but he regretted that in the course of his experience he had found some judges against labor. He referred to Judge Jackson of West Virginia, who, he said, had made a great many serious reflections on men who gave up their lives to the cause of labor. He added that there were no anarchists in the trade unions. Replying to Mr. MacVeagh's questions regarding union men belonging to the national guard, Mr. Mitchell said no local in his union had ever expelled a man from the union for belonging to the guard and that no national labor union of any kind had ever done such a thing. A little union in New York State, he said, had taken such action and it had been heralded over the country. He was not responsible for what some other organizations did.

Mr. MacVeagh concluded his cross-examination at this point.

A GREAT AUDIENCE.

Coliseum Packed With People to Witness Display Made by the Model Clothing Co. and Sweet, Orr & Co.

All the seats were taken and rows of people were standing up when Seymour's band played its first number at the big union label demonstration at the Coliseum last night. It was a remarkable meeting that gave unqualified indorsement to union made clothing and the firm that handles it here—The Model Clothing Co.

The program was carried out as advertised. The music, speeches and stereopticon views were applauded liberally, but the main event was the tug of war. Four, six, eight and ten men did their best to rip a pair of Sweet Orr & Co. trousers, but failed, greatly to the amusement of the vast audience which constantly cheered them.

As a whole the entertainment was the most novel, and was witnessed by one of the largest crowds in the history of the Coliseum.

SOCIETY.

MISS VIRGINIA MICHAELS.
Strouse Photo.

Prof. Mark Seguin of 340 Pine street and Miss Virginia Michaels of Canton, Ill., will be married Thursday. The ceremony will be performed in St. Louis. Prof. Seguin is of the newer French colony of St. Louis, having come here five years ago as a teacher of languages from Lyons, France. They will go to Chicago on their wedding journey, and upon their return they will be at home at 340 Pine street.

The Cathedral Chapel, on Maryland and Taylor avenues, was the scene Monday evening at 8 o'clock of the wedding of Miss Katherine Barbara Cunningham, daughter of Mr. and Mrs. P. J. Cunningham, and Mr. Adolf Gervais Pasquier.

The chancel was banked with tall white spreading palms and clusters of white ceryantheums. The railing was a mass of trailing smilax intermingled with the most fragrant flowers. Rev. Father John Cunningham, a cousin of the bride's, Mr. Xavier's Church, performed the ceremony, assisted by Father O'Reilly, Father Sullivan, S. J. Powers and Father Brenner. Miss Caroline Cunningham, the pretty sister of the bride, came from Mt. de Sales convent to serve her sister as maid of honor. She wore a gown in a girlish frock of Valenciennes lace over soft clinging white silk and carried an arm full of Golden Gate roses and asparagus fern.

The bride wore a creation of pure white melon crepe, with a design of puffed and cream velvet quickly sewn with seed pearls; her long tulle veil which fell about the end of her train was caught to her gold-brown hair by a white silette and tiny ostrich tips. The bride bouquet was a shower of bride roses and lilacs of the valley.

Mr. Pasquier was attended by Mr. Lucian Jones as best man. After the ceremony a bridal dinner was served at the hands of Cunningham home to the bridal party and immediate families, followed by a large reception between the hours of 8 and 10.

In the dining room where the decorations were pink roses and smilax, Miss Mildred Bell, Miss Hallie Boyle, Miss Florida O'Reilly and Miss Mary Kimball Cunningham and frappe at a table artistically decorated with pink roses, satin ribbon and flowers. The bride and groom were seated at a table of white roses tied with broad streamers of satin ribbon.

Mr. Pasquier and his bride departed after the reception for the East. Upon their return they will be at the West End Hotel. Their at home days are to be Friday in December at 412 West Pine boulevard.

The marriage of Miss Rose Celestine Steinhilber and Mr. French Reyburn was quietly solemnized Saturday morning at 10:30 o'clock at the home of her mother, Mrs. W. A. Steinhilber, 1000 North Cook avenue. The Rev. Dr. Morris of Cook Avenue Methodist Church performed the ceremony.

The bride, a beautiful young girl, wore a handsome traveling gown of blue cloth with white and pink trimmings, but failed to match and carried a bouquet of bride roses.

Mrs. Joseph L. Chambers gave a delightful tea this afternoon, when her pretty young daughter, Miss Alice Chambers, was introduced to society.

Mrs. Willis Powell's pretty young bride of last spring, assisted Mrs. and Miss Chambers in receiving the guests.

Mrs. Chambers was regal in white silk and rare point lace. Mrs. Powell wore a simple, girlish gown of white lace over a tulle foundation. She held an arm bouquet of morning glory carnations.

The color scheme was pink and white, these colors being carried out in the decorations and the young girls assisting. These fair assistants represent the debutant set of this season. They were Miss Margaret Lee, Miss Mary Ann Drew, Miss Mary O'Fallon, Miss Jane Taylor and Miss Hazel Carr. Miss Rosalie McKee, Miss Mary McKee, Miss Eugenia McKee and Miss Margaret McKee. Miss Louise Niedringhaus and Miss Breckinridge Long were in handsome afternoon toilettes without hats. About 300 guests called during the receiving hours.

It Would Appear That Local Remedy Would Be Best for Cure of Catarrh

It would seem at first glance that tarh being a disease of the mucous membrane, that salves, sprays, etc., being applied directly to the membrane of nose and throat, would be the most logical treatment but this has been proved not to be true.

The mucous membrane is made and paired from the blood and catarrh is blood disease and any remedy to make permanent cure must act on the blood, when the blood is purified from catarrh poison, the secretions from the mucous membrane will become natural as healthy.

In this climate thousands of people are scarcely ever free from some form of catarrh; it gets better at times but winter becomes gradually deeper seated and after a time the sufferer resigns himself to it as a necessary evil.

Catarrh cures are almost as numerous as catarrh sufferers, but are nearly all inconvenient and ineffective as to render their use a nuisance nearly as annoying as catarrh itself; sprays, douches, douches, sprays and powders will witness to their inconvenience and to their cure.

There are a number of excellent remedies for catarrh, but probably the best and certain one is the remedy composed of Red Gum, Blood and similar antiseptic remedies as valuable catarrh specifics.

This remedy is in tablet form, to the taste and sold by druggists, the name of Stuart's Catarrh Tablets anyone suffering from catarrh of these tablets with absolute assurance they contain no cocaine, opiate, poisonous mineral whatever.

A leading druggist in Albany, N. Y., writes: "I have sold catarrh cures for years, but have sold any which gave such general satisfaction as Stuart's Catarrh Tablets, contain in a pleasant, concentrated form all the best and latest catarrh remedies, catarrh sufferers, who have douches, sprays and salves, have been benefited at the quick relief and pure results obtained after a week's Stuart's Catarrh Tablets." All druggists sell full sized packages for fifty cents.

\$3 French Flannel Waists \$1

A Mighty Purchase of Women's Waists—Nearly 800 dozen will be put on sale at 8 o'clock tomorrow.

THE waist sale which we inaugurate tomorrow will stand conspicuously as one of the greatest bargain offerings St. Louis has ever known. It was an extraordinary opportunity that placed us in possession of this immense stock of waists—(nearly 10,000 in all)—at one-third their original value—it is an extraordinary opportunity for you—The details of the great purchase, how it was consummated, etc., are of no consequence—the fact is this, we are offering beautiful French flannel waists made up in the newest styles for just one-third their value. Two of the styles are here illustrated, but they hardly give you an adequate idea of the style and beauty these garments possess—

Nearly 10,000 French Flannel Waists, made up in the very newest styles, all sizes 32 to 42 bust measure. Positively \$3.00 values on sale tomorrow at

\$1.00

\$1.00

Style One—Is made of heavy quality French Flannel, with extra long blouse, Forsythe front, new puff sleeves, pearl buttons—they come in pink, light blue, rose, lavender, navy blue, royal, green and cadet—with white, black, and red polka dots, rings, and fancy dot patterns.

Style Two—Is made of a solid color medium weight French flannel—finished with side pleating, extra full new puff sleeves, pearl buttons—they come in rose, red, navy, heliotrope, gray, tan, light blue, royal, cadet—and plenty of black.

The materials in these waists sell universally for 50c to 75c per yard—and it requires about three yards for a waist—thus you will see that you are getting the entire waist, made up in the newest style, for about one-half of what the material is really worth. This sale is unquestionably without equal—the offering is amazing—\$3.00 French Flannel Waists for

MANAGERS IN SESSION

Meeting at the Albemarle in New York to decide on Epilepsy.

The Board of Lady Managers of the St. Louis World's Fair held a meeting at the Albemarle in New York yesterday, so dispatches state. The meeting was more in the form of a demonstration than a business session, and at 12 o'clock Mrs. John Miller, of Buffalo, was to entertain in honor of Mrs. Frank P. Blair of St. Louis at a grand luncheon to be given at Sherway's. The sessions will continue until Thursday.

Thousands of Women Suffer, and Many Die, Owing to False Treatment.

PAINE'S CELERY COMPOUND

ver Fails to Banish Disease and Re-establish Lasting Health.

Thousands of women are kept in sickness for months and years owing to false treatment and the use of worthless medicine, and we are inclined to believe that a thought of this class of almost dyed women when they said—

"The angelic guards ascended, mute and sad."

Common sense treatment of today for run-down and suffering women, is Paine's Celery Compound. This marvelous medicine is spoken of in every part of the world, and men and women of all ages derive new life from its use. M. Beth Mesnick, Marietta, Ohio, writes that her rescue from a low condition of health was due to Paine's Celery Compound. Eight years ago I was most successfully operated on for an ovarian tumor, weighing twenty-five pounds. After the operation and foods were used in an effort to bring back strength. In some way Paine's Celery Compound came to the rescue, and it really seemed that four doses effected a change. I was then sixteen years old, and had three years more of school work. Your compound is the only one I have to thank for strength during the last three years at school. Now, in eight months of each year in the health in home missionary work among the women. This last spring I would have given up, but one bottle of Paine's Celery Compound made me over again. My sister cured her eczema with Paine's Celery Compound. We recommend it to

Would You Like to Feel Young Again?

Old people certainly have had feelings that those below fifty hardly understand.

It is discouraging to find that little tasks that once were easy are now very hard.

Many old people are lame, nearly all are weak.

Worst of all is that feeling of languor, of inability to act, of weariness at trifling exertion.

Nothing will make the old young again, but Vinol will prevent ninety-nine out of one hundred old people from feeling so old.

There is no humbug about it. We found out about Vinol and tried it every way before we decided to put it on the market and guarantee it. Now we believe that almost any tired, discouraged old person who will take a bottle of Vinol will feel better right away.

It will increase their strength, appetite, and brighten their spirits. It does this by nourishing. In old people, the digestion becomes feeble. Vinol supplies quick nourishment and helps the food to nourish. Don't blame the old folks for being blue and cross. Take home a bottle of Vinol. Money back if it isn't helpful.

LETTER CARRIER JAMES C. CUTLER GONE SINCE THURSDAY.

Letter Carrier James C. Cutler, who has been absent since last Thursday from his home at 428 Lucky street, is believed to have abandoned the gray uniform and leather accoutrements of his late calling for the mantle of "Elijah" Dowie, whose follower he has been for several years past.

Cutler, who carried mail in Kirkwood, is believed to have gone to Chicago in the wake of Rev. and Mrs. L. C. Hall, who formerly had charge of the Dowie interests here.

Members of the National Letter Carriers' association, with which he was affiliated, have arranged to keep his wife and three small children from suffering during his unexplained absence.

Cutler was once secretary to Capt. W. F. Oddy (Buffalo Bill). He has had an adventurous career, but was supposed to have settled down since his marriage. More than two years ago he became attached to Dowie and his doctrines, and went to Chicago to pay homage to the promoter of Zion.

On the night of Nov. 13, the postoffice authorities are informed, he turned over his keys to his wife, together with an order for salary due him. He has not since been seen at his home.

Cutler was an active worker in the Dowie out-of-door meetings on Easton avenue and adjoining streets, which were lately stopped by order of Mayor Wells.

\$18 to New Orleans and Return \$18 Via Mobile & Ohio Railroad.

Tickets on sale Nov. 11, 12, 15, 17 and 18 at 518 Olive street and Union Station.

The International Longshoremen's Union now ranks second in membership in this country. It has 142,000 members.

Nicholas Mueller, John Johannes and Oliver Gulon, ranging in age from 14 to 18 years, are police prisoners with charges of burglary and larceny pending against them.

The boys admit that they are guilty, and seem rather to enjoy the distinction that has come to them.

The Mueller boy lives at 1310 Chouteau avenue, John Johannes at 1310 Hickory street and the Gulon boy at 922 South Fourteenth street.

Monday night each one left his home after supper and they met at their usual rendezvous at Twelfth street and Chouteau avenue. No particular business was planned, and they were out merely for adventure.

A new boy came in the neighborhood. This boy hailed from the Indian Territory, and his ambition is to become a policeman.

The youthful trio told the Indian Territory boy that his ambition was a laudable one, and that they would play with him. They would be the police characters, and it was to be his duty to apprehend them.

They began to play. This was about 8 o'clock. They played that they were attempting to break into a drug store, and the youthful policemen were watchful enough to detect them in the act. Then a chase was instituted and the trio were all captured.

Other crimes were proposed, and the boys played until the would-be policeman was tired and went home.

Why should not they be able to successfully lock a real store after it had been locked up and get away with the goods? The thought appealed to the boys, and on a dry goods box plans were formulated for a real burglary.

There was Joseph Scheweppe, who keeps a grocery store at 811 South Fourteenth street. Gulon lives in the same block and he was familiar with the premises.

It was 10 o'clock when the plan was first proposed. It was decided that a robbery, to be real, must occur at midnight. Two hours remained. It was growing colder, and the boys decided to walk and talk over their plans.

Gulon knew the ground so well that he was chosen the leader. Just at midnight the raid was made on the store. Gulon lifted a screen from a front window. The glass was broken and he crowded through. He walked to the front and unlocked a cellar door that opened onto the pavement in front of the store. The door was carefully lifted and Johannes and Mueller were standing there awaiting the action of the youthful leader.

Johannes was selected as the one to accompany Gulon into the store and to loot the place. Mueller was to stand guard and watch for the police.

All was quiet within the store, and no police appeared. The cash drawer was first visited, and Gulon was disgusted because he found but 10 pennies in the cash box. Then he took and dumped into his pocket. He took an orange and ate it and then he saw a quantity of canned beans that appealed to his idea of something good to eat. He took two cans of these.

TOBACCO WAS PRIZED.

Johannes cared naught for the sweets, and was not hungry. Tobacco was what he wanted. It was the more manly. He got a lot of chewing tobacco and some smoking tobacco. He filled his pockets and took more in his hands for Mueller, who was watching without. Then no well-regulated gang of burglars should be without arms. There was a big knife in the cheese box. This made a formidable weapon and it was a razor which was offered as a prize with a certain brand of baking powder also appealed to him, and this was added to the loot.

With their arms full the duo left the store and joined Mueller. Feeling secure, the boys strolled down town to divide the loot. At 3 o'clock they were at Tenth and Pine streets. The night had been so successful that they hated to go home. Roger and so would they.

Then two big men who walked down Pine street and kept a sharp lookout for every one attracted their attention. Intuitively they knew that they were looking on real policemen. The men they saw were Detectives D. J. McGrath and J. J. McCarthy, chief Desmond's men who are on duty downtown every night. The boys sought to evade them. The police noticed the boys trying to escape and the best they were able to do was to run. They were quickly approached. Mueller and Johannes made no effort to get away, but Gulon ran. He was not pursued. The two amateur burglars were taken to the Four Courts, where their goods were confiscated. They confessed and told who their companion was. Gulon was apprehended at his home.

Scheweppe was called to the Four Courts Tuesday morning and identified the goods. He said that his place had been entered before. Johannes and Gulon said that they stole a buggy last summer just to take a ride. Warrants will be applied for.

TO ARGUE PATRICK'S MOTION.

Attorneys Will Discuss Application for a New Trial Monday.

NEW YORK, Nov. 18.—The lawyers for Albert T. Patrick, convicted of the murder of Millionaire Rice, will be given an opportunity by Recorder Goff Monday to argue on their motion for a new trial.

The grounds upon which they ask for a rehearing are:

1. The granting of complete immunity to Jones, the murdered man's valet, by District Attorney Osborne, which, it is asserted by the defense is illegal.

2. The contradictory testimony of Des. Williams and Donlan as against that of Conover Hart, who accepted the cause of death as old age.

3. Undue civil interest in the case, through the retention of Dr. Patrick, a particular friend of District Attorney Osborne, by Capt. Baker. And the cooperation of the district attorney with people interested to the extent of \$10,000 in the outcome of the trial.

STUDENT MET TEST OF LOVE

Carried Chorus Beauty to Top of a Nineteen-Story Building to Win Her Hand.

SPECIAL TO THE POST-DISPATCH.

CHICAGO, Nov. 18.—William Haynes, an athletic college student, saw and loved Myrtle Vance, a pretty chorus girl. He said: "I love you. There is nothing in the world I wouldn't do for you."

"Then carry me up the stairs of the Masonic Temple, from the first to the nineteenth story."

"If I do, will you marry me?" asked Haynes. She said she would.

According to the agreement Haynes was privileged to rest for not more than four or five minute intervals.

He stopped on the fourth, tenth, fourteenth and sixteenth floors. On the final flight of stairs, he seemed almost ready to fall, but his strength lasted just long enough; then he fell unconscious.

"I'll keep my part of the contract," said the girl.

MORGAN DONATED ONE CENT

Trust Maker Made Courteous Response to Church Worker's Request for That Sum.

SPECIAL TO THE POST-DISPATCH.

GRAND RAPIDS, Mich., Nov. 18.—The Women's League of the Congregational Church of Flint held an "experienced social" Saturday night, at which various members of the league told how they had earned \$1 to be used in the work of the society.

The most unique experience was furnished by a young woman who had earned 50 cents of her \$1 by her own efforts and stopped there. In her dire extremity she wrote to J. Pierpont Morgan for the other cent necessary to make up her contribution.

In due time there came a courteous note from Mr. Morgan enclosing a check for the contribution asked for and containing the assurance that, if the Women's League of Flint ever needed to be helped out of a tight place again he might be counted on to come to the rescue.

HAS SOUGHT SON 12 YEARS

Mrs. S. H. Morgan Has Made Vain Effort to Find Her Missing Boy.

For 12 years Mrs. S. H. Morgan of 183 Franklin avenue has been conducting a vain search for her son, George E. Morgan, whom she last saw at Springfield, Mo.

When the son separated from her Mrs. Morgan says he was married and that he went to Oklahoma Territory, settling presumably in Stillwater, Payne County.

About a year later she wrote to him, but received no reply.

"I would give anything," she said to the Post-Dispatch, "to find my son. I am sure if he knew where I was he would write to me."

His father-in-law, Hayward Hunter, also located some place in the territory.

PASSENGERS SEVERELY HURT

HUMPHREYS CASTLEMAN BADLY
CUT AND STUNNED.

Conductor Struck His Head on Pole—
Car Left Trucks at Curve and
Was Wrecked.

Humphreys Castleman, director of fire insurance for the World's Fair, had his thoughts turned to life insurance by a series of mishaps to a Clayton car near the Administration building last night. Mr. Castleman, after witnessing unhurt one accident and the narrow escape from another, was the principal victim of a final catastrophe, in which the car was overturned at a sharp curve. He was badly cut and stunned and was taken to his home, 3710 Delmar boulevard.

Mr. Castleman was the only passenger on the car. He was on his way to the Administration building, where he had gone to remove a number of valuable insurance policies from his desk to a more secure place.

The first accident which overtook the ill-fated car came when the conductor, Edward C. Walter, leaned out from the rear step and was struck on the head by a pole. The conductor stopped the car to go back for his lost cap and the motorman waited for him to recover from the faintness which the severe bumping of his head had caused.

Running on, the car was suddenly stopped with a jerk a few feet from the dashboard of a car approaching in the opposite direction along the single track that skirts Skinner road. There was nothing to do but to back all the way to the Delmar line tracks, where a third start was made.

MADE UP TIME

Lost time had to be made up, and the motorman, John McAndrews, let the car go as fast as his controller and brake could release it. As the course near the Rock Island tracks was reached the trucks left the track but the passenger department of the car shot off the wheels and Mr. Castleman had a vivid demonstration of the sensation of riding in a runaway airship. The jolt with which they struck the earth rendered all half senseless. Mr. Castleman and the motorman were the first to crawl out of the wreck. They found the conductor suffering from his injury of a short time before, and from his new bruises, and helped him to crawl out through the car window. The three were taken to the car barns, where physicians treated them. Conductor Walter was sent to his home, 4812A Delmar boulevard.

The trucks of the car, which remained on the track, ran for some distance ahead, but the next car coming in the opposite direction was warned in time to avoid a collision.

BODIES OF PAUPERS SAFE

They May Be Saved From Anatomical Board If Relatives So Request.

The death of the poor and destitute will be robbed of one of its terrors by a decision of City Counselor Bates, who has ruled that bodies of paupers may hereafter be saved from the anatomical board on the request of relatives and acquaintances.

Mr. Bates says that hereafter, when a request is made for the burial of a body without dissection, the anatomical board must keep its hands off. He also says that City Hospital physicians must not make post-mortem examinations except in cases where the coroner has so directed.

Heretofore the practice of post-mortem examinations on hospital cadavers has been general, and the anatomical board has taken possession of bodies which were not claimed by relatives for burial. By the new ruling burial in the potter's field may be had without previous dissection.

MRS. HULDA JAKEMAN

Wife of President Jakeman of Elders of the Mormon Church, Salt Lake City, Utah, Recommends Lydia E. Pinkham's Vegetable Compound For Women's Periodic Pains.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of

MRS. HULDA JAKEMAN, days in bed with intense pain and suffering. I was under the physicians care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, MRS. HULDA JAKEMAN, Salt Lake City, Utah."

—\$5000 forfeit if above testimonial is not genuine. Just as surely as Mrs. Jakeman was cured just as surely will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female trouble.

HURT IN TERMINAL YARDS.

In two accidents, happening within an hour Monday evening in the Terminal rail-

road yards, at Hall and Baltimore streets, Richard Lewis, aged 13, and Mrs. Mary Jordan, 41 years old, were seriously injured.

Lewis was climbing between two cars in

order to cross the track, when the engine backed, causing the young man to be crushed between the cars. He was sent to the City Hospital.

Mrs. Jordan was crossing the track less than an hour later and was struck by a

box car of a northbound Burlington route freight train. Four ribs of her left side were fractured. She was removed to the North End Dispensary, and thence to the City Hospital.

CANAL CASE IS ARRANGED.

Announcement was made at yesterday's sitting of the United States Supreme Court that Frank B. Bright had been appointed the commissioner to hear the testimony in

the case of the City of St. Louis and the State of Illinois in the drainage controversy. In accordance with the plan now made the hearing cannot be completed before June 30 of next year.

YOU HAVE GOT YOUR WORK TO DO

HERE IS THE LESSON OF TIME. TEN YEARS OF ACHIEVEMENT

The American people were not eating Cereals ten years ago. Oatmeal could be bought in drug stores. People ate cereals when the doctor recommended.

About that time appeared the figure of the Quaker—now familiar. His message was simply "Eat Less Meat."

People no longer have to be told that cereals are more wholesome and yield a greater food value than meat.

It is not so much a choice between meat and cereals as a choice between cereals.

To live and win to-day your body and brain must be as active and strong as you can make them.

It is a matter of food.

The fact that Quaker Oats and the Greater Achievement came at the same time is not without its meaning.

We have mastered food questions—not merely cereals, but every food. We have told you in the last few days some of the many Quaker Differences which make Quaker Oats the best food.

The word "best" is used carelessly in many advertisements; but there is no other way of saying best when we mean best.

Quaker Oats is now the American Work Food.

You have got your work to do.

If you breakfast on it you will work better, play better, sleep better.

\$17,000,000 MORE

IN WAGES FROM RAILWAYS

FOR 650,000 MEN

Many Companies Are Following the Pennsylvania's Example.

GOULD SYSTEM IS IN LINE

SOON TO ANNOUNCE RAISE FOR OVER 150,000 EMPLOYEES.

"Increase of Traffic Will More Than Meet the Advance in Wages," Says President of One of These Roads.

\$17,000,000 ADDED TO 650,000 MEN'S WAGES.

The following railroad companies have granted increases, or will shortly grant increases, to their employees of about 10 per cent of their wages:

New York Central and West Shore.

Missouri Pacific.

Texas Pacific.

Denver & Rio Grande.

Rio Grande & Western.

Lake Shore.

Delaware, Lackawanna & Western.

Southern Railway.

Union Pacific.

Southern Pacific.

Nickel Plate.

Wheeling & Lake Erie.

Pittsburg & Lake Erie.

Wabash.

Pennsylvania system.

St. Louis & Southwestern.

Erie.

Philadelphia & Reading.

Approximate number of employees affected, 650,000.

Total amount of additional wages they will receive yearly about \$17,000,000.

Special to the Post-Dispatch.

NEW YORK, Nov. 18.—The Gould roads will soon announce a 10 per cent increase in wages.

This statement is made on the authority of the president of one of the roads.

More than 150,000 men will be affected by this increase, which will involve the expenditure of several additional millions yearly.

The Gould roads which will be affected by the increase are the following: Missouri Pacific, Texas Pacific, Denver & Rio Grande, St. Louis & Southwestern, Rio Grande & Western and Wabash.

The president of one of the roads said: "It is the policy of the Gould roads to pay its men as much as any other of the roads."

The increase we will make will not affect the surplus earnings of the different companies. The increase in traffic is growing so rapidly that the additional revenue will fully offset the extra sums given for wages."

It is known here that, within the next few weeks, increases of the wages of their employees will be announced by various railroad companies that will in round figures, swell the yearly income of the 650,000 men affected by \$17,000,000, and probably by more than \$20,000,000. A conservative estimate of the sum is \$17,000,000.

Increases Have No Parallel.

The example set by the Pennsylvania road a few days ago is followed promptly by the New York Central in advancing wages 10 per cent and will be duplicated by practically every railroad in the country.

The present move on the part of the railroads to increase wages has no parallel in the history of the nation because of the immensity of the extra sums involved and the great number of workers affected.

In 1900 the railroads of the country paid to employees of all classes as wages or salaries the stupendous sum of \$57,264,841. The total number of employees in that year was 1,017,853, or about one-twelfth of the total working population of the country.

In 1902 the total number of employees was 928,241. The railroad business of the country has grown more in the years 1901 and 1902 than in the 1890-1900 period, and the total number of employees today is in round figures, about 1,000,000. Official figures have not been compiled for 1901 or the present year. The total payrolls of the railroads of the country at the present time are about \$70,000,000.

All of the increases made have been on a basis approximating 10 per cent. The increases in no instance have affected every class of employee, the high-salaried officials and clerks being excepted. These form a small proportion, however, of the army of men employed by each of the large railroads.

Public Eventually Will Pay the Bill.

That this increase will not be at the expense of the railroads, but the eventual expense of the public, was indicated in a statement by an executive official of the Pennsylvania road, in which he said:

"We have advanced the wages of our employees, and it is only fair that the public should contribute toward it, and that can be done by increasing the freight rate."

This statement, given broad circulation among the stockholders of the affected roads by the Wall Street news agencies, was interpreted as the forerunner of a general move on the part of the large railroads to advance freight rates on certain commodities to a point that will cover the additional wages paid to the men.

It was also pointed yesterday that the decision of the large systems to advance wages has not been altogether as voluntary as the statements of some of the railroad officials would make it appear. The truth is the employees were on the verge of making a demand.

Fifty-six-pound weight, stand, no follow, 23 feet 4 inches. John Flanagan, New York, Feb. 3, 1902.

Sixty-five swimming records were allowed from 20 yards up to 100 yards. Most of them were made by G. C. Shaffer of Philadelphia, Harry Lomax of Boston, H. F. Brewer of Chicago, Otto Wahn, Chemnitz, and J. W. Spencer of New York.

COL. GARDNER IS BACK HOME.

He Was Formerly Governor of Tabayas Province in Philippines.

CHICAGO, Nov. 18.—Col. Cornelius Gardner of the Thirtieth Infantry, U. S. A., which went from Chicago to the Philippine Islands three years ago, was the guest of honor at a banquet given by the Holland Society of Chicago last night.

After all the banquets given in the province of Tabayas, which ended with the pacification of its people, Col. Gardner was made governor of that province and held the position until the expiration of his term of two years.

The commission sent to the islands by the United States government has done a great deal of good, and enjoys the respect of all the people over there," said Col. Gardner. "Judge Taft has succeeded in winning the confidence and love of the natives, and is by them considered their staunchest friend. The Filipinos are good and loyal people, and soon learn to love men who treat them in a spirit of friendship."

"In Tabayas province alone over 500 children attend American schools and had learned the English language at the time I left it."

FANATICISM IN PATRIOTISM.

Greeks Urged to Madness in Love of Country.

ATHENS, Nov. 13.—A remarkable inaugural address was delivered by Prof. Kazantzis, the new president of Athens University.

Describing the university as the great center of the Hellenic idea by which the unity of Greek nationality was to be achieved, Prof. Kazantzis urged upon the students the patriotic sentiment of the students, exhorting them to embrace the national program and to execute it in word and deed.

"Carry your patriotism," he concluded, "up to the limits of fanaticism, madness, hate your enemies and pursue them to death."

LAWYER GEO. HARDING DEAD.

Noted Patent Attorney Was a Close Friend of Lincoln.

Special to the Post-Dispatch.

NEW YORK, Nov. 18.—George Harding, noted patent lawyer, practicing in Philadelphia, and a friend of Abraham Lincoln, died in this city yesterday afternoon. He was 78 years old.

Mr. Harding, in the course of his legal career, represented some of the greatest corporations in the country, and frequently received enormous fees for his services. On two occasions he received fees of \$100,000 each, one of these being in a hard fought battle over hat patents. His largest fee was \$100,000.

He was a friend of Edwin M. Stanton, and when they went to Illinois together to

\$17,000,000 MORE IN WAGES FROM RAILWAYS FOR 650,000 MEN

Many Companies Are Following the Pennsylvania's Example.

GOULD SYSTEM IS IN LINE

SOON TO ANNOUNCE RAISE FOR OVER 150,000 EMPLOYEES.

"Increase of Traffic Will More Than Meet the Advance in Wages," Says President of One of These Roads.

\$17,000,000 ADDED TO 650,000 MEN'S WAGES.
 The following railroad companies have granted increases, or will shortly grant increases, to their employees of about 10 per cent of their wages:
 New York Central and West Shore.
 Missouri Pacific.
 Texas Pacific.
 Denver & Rio Grande.
 Rio Grande & Western.
 Lake Shore.
 Delaware, Lackawanna & Western.
 Southern Railway.
 Union Pacific.
 Southern Pacific.
 Nickel Plate.
 Wheeling & Lake Erie.
 Pittsburgh & Lake Erie.
 Wabash.
 Pennsylvania system.
 St. Louis & Southwestern.
 Erie.
 Philadelphia & Reading.
 Approximate number of employees affected, 650,000.
 Total amount of additional wages they will receive yearly about \$17,000,000.

Special to the Post-Dispatch.

NEW YORK, Nov. 18.—The Gould roads will soon announce a 10 per cent increase in wages.

This statement is made on the authority of the president of one of the roads.

More than 150,000 men will be affected by this increase, which will justify the expenditure of several additional millions yearly.

The Gould roads which will be affected by the increase are the following: Missouri Pacific, Texas Pacific, Denver & Rio Grande, St. Louis & Southwestern, Rio Grande & Western and Wabash.

The president of one of the roads said: "It is the policy of the Gould roads to pay its men as much as any other of the roads."

"The increase we will make will not affect the surplus earnings of the different companies. The increase in traffic is growing so rapidly that the additional revenue will fully offset the extra sums given for wages."

It is known here that, within the next few weeks, increases of the wages of their employees will be announced by various railroad companies that together employ figures, well the yearly income of the 650,000 men affected by at least \$15,000,000, and probably by more than \$20,000,000. A conservative estimate of the sum is \$17,000,000.

Increases Have No Parallel.

The example set by the Pennsylvania road a few days ago is followed promptly by the New York Central in advancing wages 10 per cent and will be duplicated by practically every railroad in the country.

The present move on the part of the railroads to increase wages has no parallel in the history of the nation. The increase of the immensity of the extra sums involved and the great number of workers affected.

In 1920 the railroads of the country paid to employees of all classes as wages or salaries the stupendous sum of \$57,304,941. The total number of employees in that year was 1,017,883, or about one-twelfth of the total voting population of the country.

In 1920 the total number of employees was \$23,924. The railroad business of the country has grown more in the years 1920 and 1921 than in the 1899-1920 period, and the total number of employees in that year was 1,017,883, or about one-twelfth of the total voting population of the country.

In 1920 the total number of employees was \$23,924. The railroad business of the country has grown more in the years 1920 and 1921 than in the 1899-1920 period, and the total number of employees in that year was 1,017,883, or about one-twelfth of the total voting population of the country.

All of the increases made have been on a basis approximating 10 per cent. The increases in no instance have affected every class of employee, the high-salaried officials and clerks being excluded. These form a small proportion, however, of the army of men employed by each of the large railroads.

Public Eventually Will Pay the Bill.

That this increase will not be at the expense of the railroads, but the eventual expense of the public, was indicated in a statement by an executive official of the Pennsylvania road, in which he said:

"We have advanced the wages of our employees, and it is only fair that the public should contribute toward it, and this can be done by increasing the freight rates."

This statement, given broad circulation among the offices of the stock brokers by the Wall Street news agencies, was interpreted as the forerunner of a general move on the part of the large railroads to advance freight rates on certain commodities to a point that will fully cover the additional wages paid to the men.

It was also learned yesterday that the decision of the large systems to advance freight rates has not been altogether as voluntary as the statements of some of the railroad officials would make it appear. The truth is the employees were on the verge of making a demand.

Fifty-six-pound weight, records, no follow, 28 feet 6 inches, John Flanagan, New York, Feb. 2, 1920.

Sixty-five swimming records were allowed from 20 yards up to 100 yards. Most of them were made by G. C. Shaffer of Philadelphia, Harry Lemmon of Boston, Eugene J. McFarland of Chicago, Otto Wahl, Chas. Roberts and J. W. Sumner of New York.

COL. GARDNER IS BACK HOME.

He Was Formerly Governor of Tabayas Province in Philippines.

CHICAGO, Nov. 18.—Col. Cornelius Gardner of the Thirtieth Infantry, U. S. A., which went from Chicago to the Philippine Islands three years ago, was the guest of honor at a banquet given by the Holland Society of Chicago last night.

After a successful campaign in the province of Tabayas, which ended with the pacification of its people, Col. Gardner was made governor of that province and held the position until the expiration of his term of two years.

"The commission sent to the islands by the United States government has done a great deal of good, and enjoys the respect of all the people over there," said Col. Gardner. Judge Taft has succeeded in winning the confidence and love of the natives, and is by them considered their staunch friend. The Philippines are good and loyal people, and soon learn to love men who treat them in a spirit of friendship.

In Tabayas province alone over 500 children attend American schools and had learned the English language at the time I left it."

FANATICISM IN PATRIOTISM.

Greeks Urged to Madness in Love of Country.

ATHENS, Nov. 18.—A remarkable inaugural address was delivered by Prof. Kazantzis, the new president of Athens University.

Describing the university as the great center of the Hellenic idea by which the unity of Greek nationality was to be achieved, Prof. Kazantzis urgently appealed to the patriotic sentiment of the students, exhorting them to embrace the national program and to execute it in word and deed.

"Carry your patriotism," he concluded "to the limits of fanaticism, madness. Hate your enemies and pursue them to death."

LAWYER GEO. HARDING DEAD.
 Noted Patent Attorney Was a Close Friend of Lincoln.

Special to the Post-Dispatch.

NEW YORK, Nov. 18.—George Harding, noted patent lawyer, practicing in Philadelphia, and a friend of Abraham Lincoln, died in this city yesterday afternoon. He was 76 years old.

Mr. Harding, in the course of his legal career, represented some of the greatest corporations in the country, and frequently received enormous fees for his services. On two occasions he received fees of \$100,000 each, one of these being in a hard fought battle over hat patents. His largest fee was \$100,000.

He was a friend of Edwin M. Stanton, and when they went to Illinois together to argue a patent case they associated with the Abraham Lincoln, because of his acquaintance with the western court members.

The association thus formed was strengthened with years, and when Lincoln became President he thought so much of Stanton that he made him secretary of war. Mr. Harding had an offer of a place on the supreme bench, but refused it.

STUDENT IN LOVE SHOT HIMSELF

Told Friends He Meant to
Kill the Girl.

YOUNG WOMAN WARNED

LALA MATHEWS DIDN'T WANT TO
BE A "FRIEND."

St. Louis Medical Student From West
Plains, Mo., Planned Tragic End
to Unsuccessful Affair of
the Heart.

Lala Mathews, a medical student, 20 years old, departed from his boarding house, 3008 Pine street, last Thursday night, after announcing to fellow-students that he intended to go to Houston, Mo., to kill Miss Myrtle Deweese, with whom he was desperately in love.

After reaching Houston he wrote to Perry Lee Stephens, his roommate and fellow-medical student, that lack of opportunity prevented him from carrying out his tragic purpose. He declared he would continue to seek the opportunity to kill Miss Deweese, and intimated that he would also commit suicide.

Oliver Harter, a traveling salesman, who arrived in St. Louis last night from Houston, where he has been visiting relatives, brought word to Stephens that Mathews had shot himself in the left breast, inflicting a dangerous wound.

According to Harter, Mathews went to a hollow near the edge of the town Sunday morning, and pointing a revolver at his chest, snapped the trigger four times unsuccessfully. On the fifth attempt the weapon was discharged.

Mathews walked a short distance after shooting himself and then toppled over.

Mr. Harter says, calling to some boys playing near by to take him to the residence of a family named Riggs. The boys did so and he is now being treated there by Dr. W. A. Bradley and Dr. Finster.

Mr. Harter says that he heard, while in Houston, that Mathews told the physicians that, if the wound he inflicted failed to prove fatal, he would surely make a more successful attempt at suicide later.

That Mathews attempted only suicide, and not double murder, as he announced he would, appears to be due largely to the prompt action of Colvin E. Bradley of 3231 Lawton avenue, son of Dr. W. A. Bradley of Houston, who is attending Barnes Medical College.

To him two weeks ago Mathews declared that he would kill Miss Deweese. After vainly endeavoring to dissuade him from his announced purpose, young Bradley wrote to Miss Deweese.

He told her she was in danger and to be on guard, without explaining exactly what he meant. But he mentioned Mathews' name.

She immediately replied as follows:

HOUSTON, Mo., Nov. 10, 1902.
Dear Friend Colvin: Your letter just received and will answer on return mail. For goodness sake, child, please write and tell me what you know and mean about Lala. I appreciate your kindness very much. Write and explain, Colvin, right away. Yours very truly,
MYRTLE.

Bradley then wrote to Miss Deweese, he says, giving her all the information in his possession. He told her that Mathews had announced that he would go to Houston to kill her and then kill himself. He told her that Mathews had said that she had ruined his life; that he didn't care to study to be a doctor if she wouldn't love him, and that if he couldn't marry her he was going "to fix it" so nobody else could.

BOUGHT REVOLVER HERE.
To this letter Bradley received no reply. Mathews started for Houston, in fact, before he had time to get a letter. He feels certain, however, that Miss Deweese's family acted upon his information and carefully guarded her from Mathews.

Bradley and Stephens, Mathews' roommate, told the Post-Dispatch this morning that Mathews bought a revolver Thursday evening before going to Union Station.

Having done all they could to turn Mathews from his tragic purpose and in arranging for Miss Deweese's protection, Bradley and Stephens waited to hear the result of their college mate's murderous mission.

Saturday Stephens received the following letter:

HOUSTON, Mo., Nov. 15, 1902.
Mr. Perry Lee Stephens,
Dear friend: You hear from me now. I have had no luck yet, but am waiting for the train to come, when I will kill her. I am going to kill her. This is a last farewell. From your friend,
LALA.
So be good and learn and be a doctor. Farewell. Yours,
LALA G. MATHEWS.

FATHER DOUBTED.

Stephens and Bradley then began to fear that possibly the Deweese family had not heeded the warning and that, possibly, Mathews was lying in wait at some point where Miss Deweese might unsuspectingly pass.

They had wired Mathews' father, George Mathews at West Plains, Mo., when Lala

started for Houston, and the senior Mathews called on them Saturday. The boys told him what his son threatened to do. "Oh, he won't do anything like that," said the father, according to the medical students. "I know him better than you do, and I know he won't."

Stephens and Bradley say that the senior Mathews said he would not follow the boy to Houston.

"I have spent \$2000 on that boy already," they quote the father as saying, "and can't be running around the country after him."

Stephens and Bradley expected news Sunday, but heard nothing until Monday afternoon, when Detectives McCormick and McCloskey called at the Pine street boarding house. They showed a telegram from the sheriff of Texas county, ordering them to get Mathews' trunk. The trunk was taken and shipped to Houston.

The detectives brought no news of tragic developments. When Harter arrived he relieved the uncertainty of the young men as to what happened.

DESPERATELY IN LOVE.
"Mathews was desperately in love with Miss Deweese," said Perry Stephens to the Post-Dispatch. "But lately he began to realize that he did not stand the highest in her affections."

"He wanted her to tell him that she loved him, but she would not. She wrote that she liked him as a friend, but nothing more. She said that it was nice to have friends and that he ought to like her for a friend."

"But Mathews thought the reason she wanted him only for a friend was because she loved somebody else."

"He didn't want to be a doctor, he said, if she didn't love him. In fact, he said he didn't want to live at all if she wouldn't marry him."

"We tried to talk him out of it, but he wouldn't see it our way."

George Mathews, father of the would-be suicide, is a prominent contractor of southeast Missouri. He is now engaged in erecting the new state asylum at Farmington. He is said to be wealthy. The family is highly respected at West Plains, where they live. Lala is the only son.

West Plains is about 60 miles from Houston, and young Mathews met Miss Deweese on a visit there about a year and a half ago. They have corresponded since Mathews entered Barnes Medical college.

This is his first year at the college. He was 20 years old last Saturday. He planned, his fellow students say, to kill himself and Miss Deweese on his birthday.

Miss Deweese is 19 years old. She is one of several daughters of J. W. Deweese, who was made county clerk of Texas county at the recent election. Houston is the county seat of Texas county. It is 18 miles from a railroad, Cabool on the "Gulf" road, being the nearest station.

Perry Stephens, Mathews' roommate, is from West Plains. He was brought up with Mathews. Bradley is from Houston, and his interest in protecting Miss Deweese was given impetus by the fact that he is a friend of her younger sister.

Judge Barclay to Lecture.
Shepard Barclay, judge of the St. Louis Court of Appeals and former chief justice of the Supreme Court will give a series of lectures on commercial law at the Central Y. M. C. REFUSE TO HONOR THE PRESIDENT

Confederate Veterans Decline
to March at Memphis.

SAY HE INSULTED SOUTH

REFER TO ROOSEVELT'S SPEECH
TO GRAND ARMY.

Unexpected Incident Mars the Arrangements Made by the Southern City to Greet the President and Gen. Luke Wright.

Special to the Post-Dispatch.

MEMPHIS, Tenn., Nov. 18.—Company A, confederate veterans of this city, will not participate in the reception and entertainment of President Roosevelt tomorrow, because they claim that he has insulted the soldiers of the South who fought in the civil war. The word anarchists which was applied to the Confederacy in the President's address to the Grand Army of the Republic at their last annual encampment is the basis of this grievance against Roosevelt.

The presidential party will arrive here from the wilds of Mississippi tomorrow to participate in the coming ceremonies of Vice Governor Luke E. Wright of the Philippines. Edward Bourne of Company A was called upon several weeks ago by the committee on entertainment of Gen. Wright and President Roosevelt to march the two distinguished guests. A will ride, could not be prevailed upon to honor a man the cause for which they had battled for four years. He assembled his company, however, and laid the matter before them. With the exception of Lieut. J. L. Cox, the company voted to take no part in the festivities in which the President will participate. The matter was disposed of very quietly.

To a correspondent of the Post-Dispatch Capt. Bourne said this morning: "Company A will not take part in the street parade or any entertainment in honor of President Roosevelt. The veterans are with the exception of one member of the company unanimous in their refusal. They will be on hand, however, to escort Gen. Luke White from the depot when he arrives tonight. They will endeavor to show Gen. Wright every courtesy in their power, for he is a broad-minded southern soldier and gentleman and has reflected honor upon his native state."

Company A is composed of the representative business and professional men of this city.

ONE BOODLE CASE FOR EVERY WEEK

JOHN H. SCHNETTLER WILL NEXT COME TO TRIAL.

The next boodle trial, docketed is that of John H. Schnettler for bribery in connection with the Suburban Railway bill. It is set for Monday next in Judge Douglas' court. Mr. Folk has asked for a special jury to try the case. Schnettler was a Democratic member of the House of Representatives from the Eighth ward in South St. Louis. The combine occasionally held meetings in a hall attached to his place of business.

For the following Monday the case of Henry Nicolaus is docketed. He is charged with bribery. Mr. Nicolaus, who is a wealthy brewer, with Ellis Wainwright and Charles H. Turner, signed notes on which

the \$100,000 Suburban boodle fund was raised. His defense will be that he did not know the purpose for which the money was to be used.

For Dec. 4 the case of Charles J. Denny charged with perjury in connection with the Suburban bill, is set. Another case against Denny is set for Dec. 5.

On Dec. 15, seven members of the former House combine will be tried jointly for bribery in connection with the Suburban bill.

When these cases are disposed of, the case of Ellis Wainwright will be the only one of the Suburban boodle cases remaining on the docket.

All the cases growing out of the Central Traction and Garbage investigations have also been concluded. Mr. Folk will proceed with the trial of the cases growing out of the lighting deal.

Artists to Appear.

The Union Musical Club will give a joint artists' recital at the Osborn Saturday evening. The artists presented will be Madame Suzanne Adams, soprano, and Lee Stern, cellist.

To Consider Road Convention.—Representatives of prominent St. Louis organizations will hold an adjourned meeting at the Mercantile Club Thursday evening. The association at their last meeting extended an invitation to the National Good Roads convention to hold its next session in St. Louis in April, 1933.

BOYS ALLEGED TRAIN ROBBERS

Ages of Four Arrested Range From Eleven to Fifteen Years.

Charles Eacus, 15 years old, of 1555 Tower Grove avenue, Elmer Whitney, 11 years old, living in Oak Hill and Parnell Darnell, aged 11, of 1229 Tower Grove avenue, are charged with the robbery of a St. Louis and San Francisco train in warrants issued by the assistant prosecuting attorney Tuesday morning.

The trio were arrested in Pacific, Mo., and brought to St. Louis Tuesday by Special Agent P. W. Moore of the Frisco.

Shortly after noon a fourth member of the youthful gang, Harry Compton, aged 14 years, was arrested in Chettenham. A rifle, which had been taken from the Frisco train was found in his possession.

Three days ago the boys, so the information contained in the warrants charges, broke into a Frisco car near Tower Grove and took therefrom two Winchester rifles, a guitar and other articles of minor value.

Another bottle-nosed shark, 7 feet in length, has been captured in the herring nets of a Yarmouth (England) fishing boat.

SENIORS "COOKED" THEIR OWN SPREAD

OFF BECAUSE THEY PAINTED HIGH SCHOOL FLOOR.

Great black letters four feet long announced to the High School world Tuesday morning the wonderful daring of the senior class, "January, '33."

Three days ago the boys, so the information contained in the warrants charges, broke into a Frisco car near Tower Grove and took therefrom two Winchester rifles, a guitar and other articles of minor value.

When the principal came down Tuesday evening he found the floor marked with the letters. He ordered them sandpapered off.

The letters refused to be erased, however, and were there still when the students passed to the assembly hall.

When the principal came down Tuesday evening he found the floor marked with the letters. He ordered them sandpapered off.

Friday evening. That's why the seniors with the letters hadn't been written at least before Friday.

Principal Bryan has always strongly opposed the playing of college pranks by his students. Several have been done before, but usually outside the building.

Baby Found on Doorstep.

A pretty little baby boy about 3 weeks old was left on the doorstep of the house at 1222 South Ninth street Monday night. The child was there for more than five hours, resting on the bare floor and with no covering save a light calico slip.

Mrs. Richard Cox, who resides at that number, heard the cries of the child at 11 o'clock Monday night, but she supposed that it was a cat. At 4 o'clock William E. Cox arose and stepping into the hall saw the child. He picked it up and carried it to his wife. The little thing was blue from cold and was almost unconscious.

Mrs. Cox warmed the infant and gave it food. A policeman was then called and it was sent to the Bethesda Home.

Warrant for a Credit Company Manager.

John J. Nelson, manager of the North American Credit Co., with offices in the Pullman building, was charged in a warrant issued by Assistant Prosecuting Attorney Johnson with obtaining money under false pretenses.

Samuel M. Cochran of 922 North Eighth street, a clerk in the office of the Nelsons, was charged in the information. He alleges that on Nov. 3 last Nelson presented to Fred J. O'Leary, treasurer of the Washburn, a document purporting to be an assignment of Cochran's salary for two months, and that Mr. O'Leary paid Cochran's salary to Nelson on this alleged order.

Cochran claims that he never assigned his salary to Nelson and that the document presented to O'Leary as alleged is fraudulent.

CUPID DRAWS BIG AUDIENCE

Affectionate Demonstrations of Newly Wedded Couple Interferes With Business in Belleville.

At times during the past few days business has been almost entirely suspended on the north side of the Public Square at Belleville, on account of doing at the Belleville House.

The hotel faces the Square from the south side. A newly-wedded couple have been occupying one of the second-story rooms who are very much in love with one another and they do not seem to care particularly who knows it.

If they do care, they have not taken into view from the north side of the Square. At frequent intervals there have been pictures framed by the window, which would decorate most appropriately the cover of one of Laura Jean Libbey's books.

The couple had a fancy for doing their love pantomime across the way. They and while the acts of the drama lasted there was no lack of audience.

People on the sidewalk also got "next" to what was transpiring and were something quite without precedent.

The crowd finally became so great on the north side of the Square that general attention was drawn to it and some good friends of the couple seem to have given them warning for their demonstrations of affection have ceased.

Chairman Board of Social. The Women's Society Board of the St. Louis Baptist church will give the annual birthday social for the charity inmates of the hospital Friday evening. A literary and musical program will be presented. No admission fee will be charged.

The officers of the board are: President, Mrs. H. B. Scamell; first vice president, Mrs. Dorsey A. Hanson; second vice president, Mrs. George A. Rubenmann; recording secretary, Mrs. H. H. Borgmeyer; corresponding secretary, Mrs. C. C. Morris; treasurer, Mrs. John Samson, Jr.

The members of the board are: Mrs. D. G. Hays, Mrs. S. W. Marston, F. O. Comstock, Mrs. A. N. Eaton, Frank Paul, Mrs. Perry, E. T. Trueblood, J. W. Cook, A. F. Carpenter, E. P. West, J. H. Douglas, Simms, A. C. Claxton, P. Schockley, Thomas Burgess, M. C. Condy, Minerva Moore, Bluns, Charles Hahington, Phineas Kimball, Lester M. Hall, Stegmund Hirsch, Louise Wilcox, A. N. Gaeber, J. W. Sommers' Jolly Jingle Contest

FOR RULES, PRIZES, JUDGES AND OTHER PARTICULARS SEE SUNDAY PAPERS.

We're the happiest couple in all the land! We went to D. Sommers and "Liberal Credit" and bought furniture, carpets and heating stoves. And a Buck's Best Range—it takes least of fuel. And rules, buns and roasts—was a'er couple so best! So girls go to Sommers, he'll treat you best. Henry Williams, 1822 Grand av. Home's not merely four square walls. Through with "Picture hung and gold-d." Home is where affection calls. Filled with smiles that Sommers have. —Frank J. Ballak, 1014 Russell av. The above Jingles have been selected at random. None will be judged full end of contest.

The holidays are coming. But you need not feel so blue. Though your stove is out of order. There is one thing you can do. Buy a "Buck's Best Range" at "Sommers." Made for both coal and wood. And you need not pay much cash. For your "Credit" there is good. —Maude McElhin, 1822 Grand av. Momma has a Buck's Best Range. Which takes just as it should. Papa bought it at Sommers' store. Where his credit is always good. —Frances Lewis, 1822 1/2 Grand street.

Two Hundred Dollars in Prizes

Our Great New Hot Blast Heater.

(cut shows the stove in operation). There is no stove or range better than Buck's, and this is the best of Buck's heaters, so it is **ABSOLUTELY THE BEST HEATING STOVE MADE.** The air is not fed from under as in the old style stoves, but comes through the center ring into the perpendicular slots, and is here led up to the top of the coal. Here it is mixed with the gases of the coal, causing perfect combustion. Is there anything cheaper than air as fuel? Another point is its fire keeping qualities. The same amount of coal which will keep fire two or three hours in the old style will give a steadier and more even heat for ten or twelve hours in this new stove. We guarantee this Hot Blast Heater the best of its kind in the world, and to heat more space with less fuel than any other heater made. Will Burn any fuel and will keep a soft coal fire twenty-four hours.
